Should unusual circumstances require a major deviation from the normal schedule, the parties will reduce their understanding to writing by means of a Letter of Understanding to be executed by both parties.

5. The schedule may also be varied by an individual school teaching staff in joint agreement with the principal and with the approval of the Superintendent. When a significant change in schedule is so adopted in any building, the principal shall promptly notify the Association.

ARTICLE 2-RECOGNITION

A. Nature and Terms

1. The Board of Education of the Syracuse City School District, having determined the Association is supported by a majority of the employees in Unit No. 1 (Teachers and Ancillary Services) and was certified as said employees' negotiating agent on June 15, 1970, and having determined that the majority of former Unit 4 employees (Adult Vocational Programs Association) also desire the Association's continued representation, and further, the Association having requested the combination of said Units, hereby agrees to combine Unit 1 and Unit 4 and recognizes the Association as the exclusive representative of all employees in the Unit, and extends to the Association the following rights:

- a. to exclusively represent the members in the Unit in negotiations regarding wages, hours, and terms and conditions of employment;
- b. to represent members in the settlement of grievances;
- c. to membership dues deduction upon presentation of signed authorization cards;
- d. to unchallenged representation status for the duration of this Agreement with the exception that the statutory period of challenge shall be observed.

2. During the period of recognition hereunder, the Board agrees not to negotiate in any way with any other organization representing or attempting or seeking to represent, or claiming to represent, employees in the negotiating Unit represented by the Association.

3. In the event that any competing employee organization claims the right to represent the employees in said Unit, the selection of employee representative shall be determined in accordance with the New York State Public Employees Fair Employment Act ("Taylor Law").

B. No Strike Clause

The Association agrees and affirms that it does not have, and will not assert, the right to strike against the District, to assist or participate in any such strike, or to impose an obligation to conduct, assist, or participate in such a strike.

ARTICLE 3-SALARY SCHEDULES

A. Salary Schedule

1. With the adoption of Appendix A, all previous employees' schedules are hereby rescinded and replaced by the provisions of Appendix A.

2. The salaries of all employees shall be determined in accordance with Appendix A, as approved by the Board. There shall be no restriction on salary increases granted to employees as they may qualify pursuant to Appendix A.

3. The effective date of any and all salaries and/or increases appended to this Agreement shall be as stated thereon.

B. Data Profile

Within thirty (30) days of the first day of school, the District shall issue a reminder to each employee to review his or her data profile. It shall be the responsibility of the employee to update his or her contact information in a timely fashion. A paper copy of the data profile will be provided to the employee upon request.

C. Term of Service

Annual terms of service of certificated employees in the Unit are organized on a ten (10) month basis. Any teacher appointed on a regular ten (10) month basis, whose service is extended by the Board to include service during the summer months or other summer part-time daily service, shall receive a prorated portion of the ten (10) month salary for the additional period of service.

D. Day Rate

A deduction of 1/200 of the annual salary will be made for each duty day a teacher is absent which is not covered by any leave or other excused absence, or otherwise covered by the terms of this Agreement.

E. Substitute Rate

Regular substitute teachers will be paid at the same rate and on the same basis for education and/or training, and for teaching and/or related work experience, as regularly appointed teachers. Such pay shall commence following fifteen (15) days of consecutive service in the same position and be retroactive to the first day of assignment. Appointment of regular substitute teachers shall be in accordance with the New York State Education Law.

Effective September 1, 2021, long-term and building-based substitute teachers, who are retired Unit 1 members, will be paid one hundred and ninety dollars (\$190.00) per day. Such pay shall commence following fifteen (15) days of consecutive service in the same long-term substitute position or building-based substitute location and be retroactive to the first day of the assignment.

F. Part-time Employees

Part-time employees shall receive prorated salary increases in accordance with applicable step movement on the basis of the accumulation of a full ten (10) months of service.

G. Summer Extension

1. All full-time School Counselors, Special Education Liaisons and School Psychologists will be employed on a ten (10) month basis with an additional extension of twenty (20) days to be worked beyond the negotiated Unit 1 calendar. Effective July 1, 2015, STA Release Officers will be employed and paid on an eleven (11) month basis. Part-time psychologists may work, at the request of the District, the additional extension of twenty (20) days. The twenty (20) day extension is to be used for professional activities in order to provide continuity of such service to students. It is further understood that duties which by their nature must take place beyond the normal workday, but are part of the normal duties of School Counselors, Special Education Liaisons or School Psychologists, will not warrant compensatory time. All School Counselors, Special Education Liaisons and School Psychologists will be entitled to the following:

- a. Salary credit for graduate hours earned, as set forth in Article 4.B, prior to July 1st of any school year shall be applied as of that date;
- b. One (1) additional sick day;
- c. The right to use any accumulated paid leaves during the eleventh (11th) month of service.

2. Additionally, Vocational Instructors, School Counselors, Job Developers, Remedial Instructors, Case Managers, Nurse Assistant Instructors, and Adult Education Teachers may be required to work a twenty (20) day or thirty (30) day extension depending on the program requirements. If the District requires them to work for an extension, they will also be compensated for such services by prorated salary and entitled to the above with the exception of salary credit and sick days or additional adjustment for the above item.

H. Salary Schedule Options

The following applies to salary schedule options:

1. All employees shall have their annual salary distributed equally over twenty (20) semi-monthly paychecks beginning on the first pay date in September and ending on the last pay date in June.

2. An employee may elect to withhold a portion of each payment to be paid in a separate lump sum payment on the last pay date in June. Such election must be made annually, in writing, no later than June 30th of the previous school year.

3. In accordance with the provisions of § 3015 of the Education Law, nothing contained in this section shall be construed to authorize payment in advance of rendering service to the District.

ARTICLE 4-SALARY ADMINISTRATION

A. Credit for Experience and Preparation

1. All newly employed or re-employed members shall be eligible for salary credit according to their experience and education. Experience is interpreted to mean relevant professional experience in the field of education, including, but not limited to classroom teaching, administrative roles, and other related positions. The Chief Human Resources Officer, or their designee, is authorized to grant credit for work experience, other than teaching, which in their judgment, may be applied for salary purposes. When considering the awarding of experience credit for salary purposes, the Chief Human Resources or their designee will consider the relevant nature of the work experience to the teaching profession, the duration and continuity of employment in positions relating to education, as well as compliance with state regulations and accreditation standards. It is understood that for Career and Technical Education, relevant work experience will be considered for salary purposes. Teachers or related service providers seeking salary credit for work experience shall submit documentation verifying their employment history, including job titles, dates of employment, and other relevant information. The Chief Human Resources Officer or their designee will make every effort to ensure equity in making decision relating to the awarding of salary credit for prior work experience.

New hire/rehire salary adjustments must be initiated with the Office of Human Resources within sixty (60) calendar days following an employee's hire date and all requested paperwork received within one-hundred and twenty (120) calendar days. Thereafter, no further experience credit will be granted. Further credit for education will only be granted for coursework taken after an employee's hire date. In extenuating circumstances, the Office of Human Resources may grant additional time in order to facilitate this process.

2. All training for salary credit purposes shall be supported by transcripts from accredited colleges and universities. A transcript for graduate hours, subsequent to the bachelor's degree, shall be required for salary purposes. Graduate credits and stipends for advanced degrees must have a reasonable relationship to the teachers' responsibilities in the District, or to potential responsibilities and positions in education.

3. Any work beyond the bachelor's degree must be graduate level work taken for credit and so certified by an accredited institution. This will allow credit for upper division undergraduate courses which may be taken for graduate credit in the awarding institution.

B. Application for Salary Adjustment

1. Employees must submit a request for salary adjustment to the Office of Human Resources using the prescribed online process.

2. Employees must obtain substantiating proof from the college, university or national organization (i.e., transcript and/or other appropriate documents).

3. National Certifications for the following positions shall be paid as follows:

Job Title:	Certifying Organization:	Certificate Title:	Yearly Stipend:
Teachers, Library Media Specialists, School Counselors	National Board for Professional Teaching Standards (NBPTS)	National Board Certification (specific areas of specialty)	\$1,000
Occupational Therapist	National Board for Certification in Occupational Therapy (NBCOT)	Occupational Therapist Registered	\$750.00
Physical Therapist	National Board Certification American Physical Therapy Association (APTA)	Clinical Specialist Certification (specific areas of specialty)	\$750.00

Members holding these credentials must apply for salary adjustments and provide the appropriate documentation as indicated above.

4. Requests for salary adjustments will be reviewed once submitted and any credit granted shall be effective the first (1st) day of the following pay period of the submission date.

5. When a salary adjustment has been approved, the member will receive a copy of the approval. When a request for salary adjustment has been denied, the teacher shall be notified, in writing, with the reasons.

C. Anniversary Date

Teachers who are on an unpaid leave of absence in excess of sixty (60) working days during any school year shall have their anniversary dates recalculated to reflect actual years of credited service.

D. Direct Deposit

Employees may, pursuant to District policy, have their net pay amounts directly deposited into a bank account of their choice.

ARTICLE 5-LUNCH AND PLAYGROUND PROGRAM

A. Involvement

It is the objective and intent of the District to administer and implement the lunch and playground program with a minimum involvement of professional assistance. The Association recognizes problems may occasionally arise in the implementation of the lunch and playground programs and agrees to encourage teacher assistance on a voluntary basis. The parties do not intend, however, that requests for professional assistance shall be made on a regular or continuing basis, but only because of unusual circumstances that may arise from time to time.

B. Lunch or Recreation Aides

The District agrees to continue to be responsible for the recruiting and training of lunch or recreation aides. The Association shall have the continuing right to monitor the implementation of this program.

C. Compensation

In emergency situations, when it is necessary for a teacher to perform lunch or playground duty or when any teacher voluntarily performs such duty, said teacher shall be paid on a compensatory time basis or at an hourly rate of twice the rate paid a lunch or recreation aide, whichever is elected by the teacher.

D. Lunch Period

Every teacher shall have at least a thirty (30) minute duty-free lunch period as provided by the New York State Education Law.

ARTICLE 6-RIGHTS AND RESPONSIBILITIES

A. Instructional Techniques

A teacher shall base differential educational experience on the differing needs and abilities of students by utilizing styles and procedures of instruction which he/she believes to be most effective in his/her classroom, providing such methods of instruction conform to and implement the instructional objectives of the District. Any dispute which may arise regarding the styles and methods of instruction employed by an individual teacher shall be subject to administrative review by the administrative officers of the District up to and including the Superintendent, whose decision shall be final and binding and not subject to the Grievance and Arbitration Procedures set forth in this Agreement.

B. Classroom Learning Conditions

1. The Board and the Association agree it is in the best interests of the District, employees, and students to insure the proper academic atmosphere and positive classroom learning conditions by maintaining classroom control through means which are reasonable in form and moderate in degree, and toward this end the Board shall support the employee in conformity with State law.

2. Upon receiving same, an administrator will release legally allowable general information in a timely manner to individual employees relating to specific emotional, behavior and safety concerns for students in the employee's charge.

3. In order to create and sustain such classroom learning conditions and control, employees shall refer students with behavioral problems to the appropriate support staff through the building principal or his/her designee.

4. When a student is seriously disrupting or impairing the effective instruction of other students in the class, the employee may cause the student to be immediately removed from the classroom, office, hallway, cafeteria, playground, bathroom, student arrival and dismissal points, or other school locations, and in such case the student shall be required to report to the

principal/administrator, or his/her designee. Such temporary removal shall not exceed the balance of the school day during which the incident occurred. The principal/administrator and the employee shall have a joint responsibility to communicate with regard to the action taken by the principal/administrator on the referral. Such communication shall occur as soon as reasonably possible after the referral is made by the teacher. It is expected that if a student is referred repeatedly to the principal/administrator, the teacher and the principal/administrator will meet to discuss strategies, and resources, to prevent further disruption. In the event a principal/administrator believes a teacher has exercised the right of removal to excess, and/or without justification, the principal shall review the situation with the teacher with regard to what action, if any, is to be taken concerning the student(s) in question. There shall not, however, be an absolute denial of the teacher's right to remove a disruptive student from the classroom.

5. Removal for a longer period of time or permanent removal may be requested by the teacher. When such a request is made, the student may not be returned to the classroom until there has been a prompt determination of proper placement of the student by the principal after consultation with and among the teacher, support staff, and parents.

6. The District and the Association recognize the educational benefit of an academic environment which provides stability, safety and security for students and employees, both individually and collectively, and in each school building as well as throughout the entire District and its various locations and facilities. In an effort to ensure that such an academic environment is achieved, free to the fullest possible extent of disruptive activities, the District and Association agree to the following procedures with regard to student discipline and its implementation:

- a. A copy of the policy of the Board of Education of the Syracuse City School District entitled *Regulations For Student Behavior* (hereinafter referred to as "Code of Conduct"), including disciplinary actions and suspension procedures, shall be posted in each school building and distributed to staff, students and parents of students on the opening day of school or as soon thereafter as practicable or, for those students who matriculate to the District during the school year, upon such students' initial registration in the District;
- b. Should a teacher believe that a particular disciplinary situation, as it has been processed and resolved within the framework of the building procedures, is detrimental to the academic environment of the District (as set forth in subsection 5 above), he or she shall have the right to petition the Labor Management Team of the school in question with the teacher or Article 22B (Association and Board Rights) and the Association/District Operational Guidelines for Labor Management Teams. Notice of such referral to the Labor Management Team shall be provided to the administrator at least one (1) week in advance of the Labor Management Team meeting at which the matter is to be discussed. If the issue is not resolved at the Labor Management Team level, the Labor Management Team shall make a recommendation to the Superintendent, or designee, who shall render a final and binding decision within ten (10) school days.
- c. Nothing contained herein (or in Article 22D) shall be construed as limiting discussion of the matter informally by the teacher and the appropriate member of the Building Administration prior to being referred to the Labor

Management Team. The parties agree that such meetings should be helpful in having the matter informally resolved prior to implementing the procedure. Any disposition resulting from such meeting shall not create a precedent binding upon either the Association or the Board in other similar matters, unless the Association and the District determine otherwise.

7. Individual experienced teachers who are temporarily experiencing serious difficulties in classroom management due to class composition or external events impacting upon student discipline and learning, may seek and shall receive assistance from the local school and District resources, including mentors, peer coaches, etc., within a month of his/her request. Use of the procedure shall not replace obligations as they exist between the teacher and the principal as outlined in the Model for Practitioner Evaluation.

C. Transporting Students

At no time shall teachers of the Unit be required to transport students in their own private vehicles. The District shall issue an Administrative Bulletin at the beginning of each school year which shall enumerate the specific procedures that must be followed prior to any employee being granted administrative permission to voluntarily transport a student in his/her private vehicle. Included in that bulletin shall be reference to potential financial risks to the teacher, in the event that an accident occurs during such use.

D. Discipline/Discharge of Permanent Appointees

1. Any employee eligible for tenure under New York State Education Law shall serve a probationary period in accordance with New York State Education Law.

2. No tenured teacher shall be disciplined or discharged except for just cause and in accordance with procedures set forth in § 3020-a of the New York State Education Law.

E. Termination of Probationary Teachers

1. A probationary teacher must have completed one (1) full year of service in the District and be serving in his/her second year before he/she may avail himself/herself of the provisions of this section of Article 6 (Rights and Responsibilities).

2. In accordance with New York State Education Law § 3031, if a probationary teacher is to be terminated or denied tenure, he/she shall be notified in writing of this fact by the Superintendent or his/her designee not later than thirty (30) days prior to the date of the meeting at which the recommendation will be considered by the Board. If a serious disciplinary matter is involved, the teacher may be suspended immediately, pending the outcome of investigation and any hearing which may be held pursuant to this Article.

3. The teacher shall be entitled to a hearing on the reasons for his/her dismissal if he/she notifies the Superintendent or his/her designee to this effect, in writing, no later than five (5) school days following receipt of the termination notice or a diligent effort by the District to so notify. Failure to file for a hearing within the five (5) days shall be considered as a waiver of the application of this Article except for the application of § 3031 of the Education Law.

4. Upon receipt of the teacher's written request for a hearing, he/she shall be informed of the reason(s) for termination by the Superintendent or designee. The hearing will be scheduled within ten (10) school days of the teacher's request, and completed within thirty (30) calendar days thereafter, by a Hearing Panel consisting of three (3) members and comprised of the Superintendent or designee, one teacher named by the Association, and a third person who shall be selected by the Superintendent and the President of the Association. Any extension beyond the thirty (30) day limitations shall be by mutual agreement of the Superintendent and the President of the Association.

5. The hearing shall be conducted in accordance with the rules established by the American Arbitration Association, Public Employee Relations Board and others agreed to by the Association and District. The proceedings of the hearing and the recommendation of the panel shall become a permanent part of the personnel record of the teacher. The hearings shall be closed but the teacher shall have the right to call witnesses on his/her own behalf and to cross-examine witnesses against him/her.

6. The panel shall make its decision within five (5) school days of the conclusion of the hearing. The decision shall be advisory only to the Superintendent and shall not be subject to grievance or arbitration under this Agreement or subject to appeal in any other manner.

7. In no instance shall the rules of the panel or any postponement or delay pursuant to those rules be permitted to delay the decision of the panel in such a manner that the District is estopped from further action pursuant to § 2573, § 3019a, § 3031, or any applicable sections of the Education Law.

8. The Superintendent shall, in his/her sole and exclusive discretion, determine whether he/she is going to recommend that the teacher be retained, or terminated, and such decision shall not be subject to the grievance and arbitration procedure of this Agreement. If the decision is adverse to the teacher, the Superintendent shall notify the teacher of the intention to recommend termination, and the provisions of § 3031 of the Education Law shall become operative at that point in time.

9. The provisions of this article in all respects shall not be subject to arbitration, nor shall any provision of this Article be interpreted in any way as altering or diminishing the rights and powers of the Superintendent and the Board under § 3031 of the Education Law or any other applicable statute or regulation.

10. The provisions of this Article may be invoked only in cases of termination for cause, and may not be used in cases of reduction in the work force or layoff or other circumstances in which the performance and/or behavior of the teacher is not the matter at issue.

11. It is the intention of the parties to provide for representation of any teacher individually or by his/her Association representative except where otherwise provided by law and therefore, no party in interest may be represented under this Article by an officer, agent, or member of another employee organization.

F. Reimbursement for Loss of Personal Property

1. The District will reimburse teachers for items of clothing or other personal property which are damaged or destroyed when, in the course of employment, the teacher becomes involved or engaged in situations which are unusual and/or do not regularly occur, such as altercations between students and/or teachers, non-aggravated assault, fire, riot, etc. Such reimbursement shall not be made in cases where the teacher has been careless or negligent and/or has not exercised prudent judgment by wearing or otherwise displaying or possessing items which are not normally worn, used, or displayed during such course of employment, or the teacher is able to be otherwise reimbursed as a result of his/her existing insurance coverage. In no instance, however, shall such reimbursement exceed Five Hundred Dollars (\$500) with regard to any claim which is processed under this section.

2. The District shall not be liable for the reimbursement required in this section F if the teacher refuses or fails to file the necessary reports and/or institute the necessary proceedings to facilitate police and District investigations and/or prosecutions for such incidents.

G. Resignation of Department Chairperson or Team Leader

During the term of this Agreement, it is understood and agreed that a teacher may decline the position of Department Chairperson or Team Leader, or resign there from after accepting, without adverse reflection upon the teacher.

H. District Responsibility/Hold Harmless

The District agrees to hold teachers harmless from any financial loss, including attorneys' fees, arising out of any claim, demand, suit or criminal prosecution, as a result of disciplinary action taken against any student in the District, or judgment by reason of any act by such teacher within or without the school buildings, provided such teacher, at the time of the act or omission complained of, was acting in the discharge of his/her duties within the scope of his/her employment, or under the direction of the District; it is further provided, however, that the District shall be under no obligation to satisfy any financial or other penalty imposed upon teacher as the result of conviction of a criminal offense. It is further understood and agreed the liability of the District, as set forth in this section, shall include, but not exceed, the statutory liability set forth in § 3023, and § 3028 of the Education Law.

1. Notice of Claim

The District shall not be subject to the duty imposed in Section H of this Article unless the teacher involved shall, within ten (10) days of the time he/she is served with any summons, complaint, process, notice, demand, or other pleading, deliver the original, or a copy of the same, to the Superintendent.

2. The District shall not be subject to the duty imposed by Section H of this Article unless the teacher involved shall, within ten (10) days of an occurrence which reasonably could be expected to result in a claim or complaint, notify the Superintendent, in writing, of the facts of said occurrence so that a timely investigation may be conducted by the District. Nothing contained herein shall be construed as a bar to a teacher exercising his/her rights under § 3023 of the

Education Law or any other statute or regulation as may apply, nor shall it be construed as a bar to the Board and the Association agreeing to waive the provisions of this section.

3. Reports

- a. Each teacher will immediately report verbally to the principal all instances of threat or assault suffered within the scope of employment. The verbal notification shall be promptly followed by a written report. - b. The written report, with a copy to the Association, shall be forwarded by the principal to the Superintendent. The District will comply with any reasonable request of the teacher for information in its possession relating to the incident or the persons involved. Teachers assaulted by students may be relieved of teaching assignments, if necessary. School personnel involved shall be notified of the disposition of the case. The District will make every effort to see that any proceedings initiated against teachers are processed in such a way as not to reflect embarrassment or discredit on either the teacher or the District.

ARTICLE 7-CURRICULUM AND PROFESSIONAL DEVELOPMENT

Teachers are, and shall continue to be, a major source of development and innovation in improving educational programs of the District. Changes in programs and the adoption of new educational plans shall be based upon valid educational research, when available. Teachers shall participate in the overall coordination of studies, projects, and other activities directed toward the development, improvement and implementation of such programs, toward the continuous evaluation of all programs, and toward research in pertinent educational and related areas. The Association recognizes the existence of the other institutional and community resources capable of making great contributions toward these ends, and that utilization of such resources should be coordinated with the efforts of the school administration and the professional staff.

As the District strives for excellence in its schools, the District and the Association agree to work cooperatively to align the school district curricula and classroom activities with the New York State Learning Standards. To achieve this worthy goal, it will be necessary to encourage the professional growth of all staff and to foster collaborative working relationships established on research-based effective practices. The District and the Association also agree that the curriculum development process is integral to quality instruction and to the improvement of student learning. The District and the Association further acknowledge and agree that creating a clear direction and consistency for curriculum and staff development, and delivery is a policy responsibility and right of the Board of Education.

ARTICLE 10-ASSIGNMENTS AND TRANSFERS

A. Transfers

In making transfers or teacher assignments, the convenience and wishes of the individual teacher will be honored to the extent they do not conflict with the best interests of the District and the students.

B. Notification of Assignment

Teachers, other than newly appointed teachers, will be notified of the schools to which they will be assigned, the grades and/or subjects they will teach, and any special or unusual classes they will have for the coming school year, as soon as practicable, and under normal circumstances, not later than July 1st.

C. Assignment

In order to assure students are taught by teachers working within their area of competence, teachers will not be assigned outside of the area of their teaching certification, except as permitted by New York State Education Law and Regulations of the Commissioner of Education.

D. Multiple School Assignments

Employees with multiple-school assignments are subject to the following:

1. An employee assigned to more than one (1) school in any one (1) school day will receive, upon written request to the Accounts Payable Department, the currently allowable Internal Revenue Service mileage rate for all interschool travel required in connection with the multiple school assignment. Such reimbursement shall be calculated on the basis of the most direct available route and shall be limited to the mileage which the assignment requires in the normal daily performance of his/her duties. A request and schedule shall be submitted not later than the first day of the fourth week of school, and must be approved by the immediate supervisor before payment can be authorized. School social workers, attendance teachers, and other special teachers not on a single-school assignment, who have submitted a request and secured approval IN ADVANCE for in-district travel mileage allowance, shall be eligible to receive reimbursement. An employee eligible under this paragraph shall file a claim for mileage in accordance with existing District policy. Claims for reimbursement must be submitted at least on a quarterly basis. All payments for reimbursable in-district travel MUST be claimed during the calendar year in which the travel was performed.

2. Employees with multiple-school assignments shall be assigned a home school at which they will be responsible to attend faculty meetings, orientation programs, and similar professional obligations. It shall be the responsibility of each teacher with a multiple-school assignment to report to faculty meetings and other required programs at the school of record, unless specifically excused by the administrator of that school in order to attend such meetings elsewhere.

3. Employees with multiple-school assignments within a school day shall be permitted sufficient travel time between schools to permit the lunch period provided for in Article 5D (Lunch and Playground Program) of this Agreement. These individuals shall not be assigned a duty period at any worksite.

E. Administrative Transfers

1. When administrative transfers are necessary, a teacher's area of competence, certification, major and/or minor field of study, quality of teaching performance, and length of service in the District will be considered in determining which teacher is to be transferred. Considered with equal weight will be such items as the need for equitable distribution of experienced and inexperienced staff in all schools, and other matters related to the best interests of the District and students.

2. Administrative transfers shall be made observing the following regulations:

a. During the school year and at other times when feasible, an administrative transfer will be made only after consultation with the teacher involved and his/her principal or supervisor. A teacher shall always be notified of the reasons for any transfer. In the event a teacher objects to a transfer, and so requests, the Association will be notified. The Superintendent, or his/her designee, will meet with the Association's representative and the teacher to discuss the transfer, but if a mutually satisfactory solution is not reached, the decision of the Superintendent shall be final;

b. All employees being administratively transferred shall be advised of open positions in other schools. Employees may request the positions to which they desire to be transferred, and for which they are qualified and certified, in order of preference. Such preference shall be one of the factors considered in making the transfer.

F. Voluntary Transfer Requests

Employees may request transfer from the school to which they are assigned under the following conditions:

1. Employees who wish to transfer to another school may submit notice of their wish to transfer at any time through the district's established online process.

2. Employees seeking a transfer must submit a new request each school year.

3. When one or more employees applies for an open position within two (2) weeks of posting, the most senior internal applicants, up to five (5) will be guaranteed an interview. If there is more than one applicant and if the skills and knowledge are equal, seniority shall be the deciding factor.

4. All applicants for transfer will, upon request, be notified if they did not receive a position.

5. Under normal circumstances, no voluntary transfer for the beginning of the upcoming school year will be processed after June 15th.

G. Seniority/Reduction in Force

1. Reductions in force, recall from Preferred Eligibility Lists, and consideration of transfers shall be made pursuant to the applicable provisions of the New York State Education Law.

2. Seniority shall also govern those situations where District-wide reductions in force occur, or when staffing levels or programs are reduced in a particular school.

3. Where seniority is equal, the date of appointment and subsequently the placement on the list of appointees shall be the determining factors.

4. No period of service which is not full-time service in Unit 1 shall be included for purposes of calculating seniority.

5. Continuity of appointed service shall not be interrupted by any period of unpaid, approved leave of absence. The period of such leaves, however, shall not be included for purposes of calculating seniority.

6. Any period of paid leave of absence shall be included for purposes of calculating seniority.

7. The District shall maintain an accurate and timely seniority list of all teachers during the school year. Copies of, or revisions to, such lists shall be provided to the Association upon request.

H. Reduction in Force – Adult Programs

Should program funding or a decrease in student enrollment cause the District to contemplate cut backs in adult programs (those involving Vocational Instructors, School Counselors, Job Developers, Remedial Instructors, Case Managers, Nurse Assistant Instructors, and Adult Education Teachers), the District will meet with representatives of the Association to discuss potential alternative funding or student recruitment. Should the District determine that reductions in programming are necessary, the least senior qualified employee in the job title will be reduced in hours and/or months. When layoffs occur, full-time qualified employees will be excessed in order of reverse seniority in the job title and placed on a preferred eligibility list pursuant to applicable New York State Law. (“Qualified” means having rendered service in the specific area of instruction.)

ARTICLE 11 VACANCIES

A. Specialized Positions

Specialized, non-classroom teaching positions occurring within the Unit shall be identified by the Office of Human Resources in the weekly Administrative Bulletin. Such identification shall be for purposes of information only and create no further obligation on the part of the District with regard to filling such positions.

B. Notice of Vacancies

1. Whenever any vacancy in a promotional position occurs between September and June, it will be publicized (by the Superintendent) through the established online process. The District will make a good faith effort to provide the Association with notice of substantive changes to the procedure.

2. Such notices shall be announced as far in advance as practicable, and in no event less than ten (10) school days before any deadline date. Acting or temporary positions shall be posted as described above before permanent appointments are made.

C. Application Process

1. Employees who desire to apply for such vacancies shall submit their applications, using the established online process within the time limit specified in the notice. The District will make a good faith effort to provide the Association with notice of substantive changes to the procedure.

2. Each teacher who desires to apply for a promotional position which may be filled during the summer vacation period shall submit his/her name and summer address to the Superintendent prior to the summer vacation, together with identification of the position or positions for which he/she desires to apply. The District shall post a list of promotional positions to be filled during the summer vacation period on a bulletin board in the administrative offices of the District, release notification of such position vacancies to the local newspapers, and notify the office of the Association of such position vacancies.

D. Appointments to Vacancy

1. All appointments to the aforesaid vacancies shall be based on qualifications, certification, and experience.

2. Insofar as it is consistent with the best interests of the District, all promotions shall be made from the ranks of the certificated personnel of the District.

ARTICLE 12-TEACHING LOAD

The following guidelines are established by the Board and the Association as teaching load objectives toward which the District should strive. It is understood that exceptions will be necessary because of unusual circumstances including, but not limited to, budget limitations and/or availability of staff, and that the permissive guidelines hereinafter set forth in this article are not to be construed as guarantees which are binding upon the District.

A. Equitable Distribution of Students

1. The District and the Association recognize the continuing need to effectively address the issue of achieving an equitable distribution of students in the general education classroom including students with disabilities, the impact the addition of such students has upon the general education classroom situation, and the adjustments and/or allowances which sometimes must be made in either a particular classroom or school as a result thereof. Procedures to be followed in carrying out the objectives of this section are set forth in Article 13A (Students with Disabilities).

2. With regard to students with disabilities who have been determined to be resource students (those who receive primary instruction in a general education classroom and supplemental support from a special education teacher), the District has established, and will implement, procedures as outlined in Article 13B (Students with Disabilities).

3. With regard to self-contained students (those whose primary educational program consists of fifty percent (50%) or more of the school day in a self-contained special class), the District agrees to implement those sections of Article 13 (Students with Disabilities) which relate to Mainstreaming Procedures and the Process for Correcting and Monitoring Imbalance. In so doing, however, it is understood and agreed that, while the District is committed to eliminating mainstreaming student load inequities, there may be occasional situations where an immediate remedy, for valid and sufficient reasons, is not available. The parties agree, therefore, those issues which cannot be resolved will be addressed as set forth in Article 13C (Students with Disabilities).

B. Students with Disabilities

1. Enrollment and participation in educational programs for students with disabilities shall be in accordance with, and shall not exceed (unless proper variance has been requested and approved by the Commissioner), the limitations and standards set forth in the Regulations of the Commissioner § 200, and additional applicable provisions of New York State Education Law, as they may be amended during the term of the Agreement.

2. All District and local committees on special education for students with disabilities should include special education teacher representation.

3. Legislative and/or program changes and such other matters which relate to the successful implementation and maintenance of the Special Education for Disabled students Program shall be communicated to employees working with students with disabilities and the Association.

C. Elementary Planning

1. Elementary practitioners shall receive at least one (1) daily unencumbered forty (40) minute preparation period during the student day. This preparation/planning time will take place when students are instructed in areas including, but not limited to, music, art and physical education. If scheduling and/or staffing anomalies dictate that the above is not possible, practitioners shall receive preparation/planning time as follows:

- a. Two hundred (200) minutes of planning time every five (5) days and distributed over at least four (4) of the five (5) days;
- b. This preparation time shall be distributed in increments of no less than forty (40) consecutive minutes.

2. When an elementary class is scheduled for direct instruction from a library media specialist, with no other classes or groups of students present at the same time, the classroom teacher may use such time for preparation as described above.

D. Elementary Class Size

With the exception of inclusion classes and special classes, elementary class size should be no larger than twenty-eight (28) students.

E. Secondary Daily Periods of Instruction

The number of daily periods of instruction for secondary teachers should not exceed five (5) per day, or a daily load of more than one hundred and twenty-five (125) students.

F. Secondary Daily Preparation

1. Secondary teachers should not be required, except on their own option, to teach more than two (2) academic disciplines in any given semester, nor have more than three (3) daily preparations. No secondary teacher should have more than one (1) duty period per day beyond the normal teaching load.

2. Tenured secondary teachers may volunteer to teach one additional class beyond the contractual limit of five (5). Non-tenured secondary teachers shall not be eligible to teach an additional class. No teacher can be assigned an additional class beyond the contractual limit. Tenured secondary teachers choosing to teach an extra class shall receive a salary increase equivalent to 1/6th of their annual contract salary.

3. Secondary teachers should not be required to teach two (2) subjects in one class period except under circumstances where class load is such as to require cancellation of offerings if courses are not consolidated.

G. Teaching Assignment

Services expected in a teaching assignment may include a regular student load in accordance with this Agreement, as well as the supervision of a homeroom, a non-class (extracurricular) assignment, and related school responsibilities.

H. Professional Time Options

1. The parties agree that time is a valuable commodity for all stakeholders in the District. The parties further agree that, when building schedules allow for them, there are educational activities in which staff can be engaged that may prove beneficial to the enterprise of teaching and learning. This “professional time” may be:

- a. A period during the school day in which staff is not assigned an instructional or planning period;
- b. Assigned in lieu of a duty period.

2. The use of this time will be determined by each building’s SLT and conform to the School Improvement Plan. It is understood by both parties that this time will not be used for Faculty Meetings. Appropriate uses of this time include, but are not limited to;

- a. Tutoring small groups of students (10 or less) in specific content areas by staff certified in those areas;

2. A school psychologist should be available in secondary schools at least two (2) days a week and in every elementary school at least one (1) day a week. This should not be interpreted to exclude assignment on a full-time basis where such assignment is justified. School psychologists should have a private office area in each school in which they work which will accommodate small groups as well as individual counseling.

J. Physical Education/Art Instruction/Family and Consumer Sciences/Technology

1. Formal scheduled physical education should be taught by a physical education teacher.

2. Each art family and consumer sciences, and technology class should be provided with the following:

- a. A classroom in each school with adequate equipment and supplies to be used for instruction;

L. School Libraries

Secondary school libraries should be adequately staffed and each elementary school should have a library under professional library supervision.

M. Schedules for Special Area Teachers

Schedules for special area teachers shall be organized in a manner which strives to maximize utilization of staff time, minimize multiple school assignments and reflects program objectives.

N. Classroom Improvements

1. The District and the Association recognize that it would be desirable to accomplish improvements with regard to facilities, equipment, and materials in the areas of art, music, libraries and physical education, but also acknowledge that existing circumstances make it impossible to do so during the term of this Agreement.

2. In the event, that in the discretion of the District, such improvements are feasible and practical, consideration will be given to the possibility of implementing them when circumstances permit. This paragraph shall in no way be construed as a guarantee or commitment by the District to take any action with regard to any of the aforementioned areas.

O. Work/Learning Stations

It is the intention of the District to provide a safe and educationally sound program within budgetary and physical limitations. To that end, the number and location of work/learning stations to be made available in subject areas such as technology education, home and career skills occupational/vocational/technical, and business subjects shall be determined by the District after a review by the principal and the teachers involved.

P. Substitute Teachers

1. In the interest of maintaining continuity of the instructional program, the District shall endeavor to provide a paid substitute in those instances where a paid substitute is normally used. When it becomes necessary for teachers, as defined in Article I hereof, to substitute during their non-instructional periods, said teacher(s) shall be compensated at the rate of Eighteen Dollars (\$18.00) per period. Elementary teachers whose normal class load is increased by five (5) or more students because of redistribution as a result of the lack of substitute teachers shall receive an additional Sixteen Dollars (\$16.00) per day. In the event the normal instruction period is reduced to below forty (40) minutes, the rate of compensation per period shall be adjusted on a pro rata basis.

2. It is agreed that a substitute teacher will be provided when a teacher assumes the role of acting building administrator. In the event the building administrator is absent for more than one (1) week, personnel shall be assigned by the Superintendent or a teacher may continue as temporary acting building administrator with a substitute teacher provided in his/her place. Any teacher serving as acting building administrator shall be compensated at the rate of Thirty- Five Dollars (\$35.00) per day in addition to regular salary unless or until an acting building administrator is appointed by the Superintendent. When a teacher serves in an acting capacity, it shall be with the same authority and jurisdiction as the building administrator who is temporarily replaced.

ARTICLE 13-STUDENTS WITH DISABILITIES

A. Transitioning Procedures

The purpose of this section is to outline the District's procedures regarding transitioning of students with disabilities. It is the intent of these procedures to establish greater continuity and procedural uniformity among building personnel who are responsible for implementing Special Education programming. The following procedures shall apply to all students with disabilities who are in special education programs operated by the District:

1. When a student with disabilities is moved from one program to another, the following steps should apply:

- a. A meeting will be scheduled at an allotted time to discuss the student's educational needs as defined in the student's IEP and what may be expected of the student in the class. Should more than one teacher for the same student (music, physical education, art, etc.) request such a meeting it should be a joint session so that the time of everyone involved can be most productively utilized;
- b. Prior to the time of the student with disabilities new classroom placement, the receiving teacher will be provided with a copy of the student's IEP, including current levels of academic functioning, behavioral information, pertinent physical and/or medical data;
- c. The receiving teacher will be encouraged to observe the student with disabilities within the special education class setting including a review of the student's IEP;
- d. The special class teacher should prepare the student with disabilities for appropriate transition to the class;
- e. Responsibility for evaluating should be shared by both teacher and special class teacher; in those instances where a Carnegie Unit is to be given, the general education class teacher shall retain the final decision;
- f. Recommendations for a new class ratio and/or a program in a different school, which must result from annual or triennial review, and involve the student with disabilities attending another school for a special class or program, must be made to the District's Committee on Special Education.

B. Resource Procedures

1. Resource students should possess learning and social skill levels which are not significantly dissimilar from their peers in general education classroom settings.

2. When a student is assigned to a resource classroom

The general education and resource teacher should meet periodically throughout the school year to discuss and evaluate student progress and make appropriate educational adjustments;

C. Correcting and Monitoring Imbalance

1. When addressing problems which arise involving students with disabilities and student load in particular schools and/or classrooms, and attempting to resolve them in an effective manner within the District's ability to do so, the District shall consider individual school space (total population), the availability of opportunities for assigning students on an equitable basis, and the impact of any change or adjustment upon the teacher(s) to whom the students are assigned. In the event the District determines conditions prevail which needs to be addressed it will determine if the circumstances are such that an adjustment can be made by:

- a. the assignment of additional personnel;
- b. the reduction of class size;
- c. the reassignment of disabled or non-disabled students;
- d. the adjustment of teacher/staff schedules and assignments.

2. The process for addressing situations which have been identified as inequitable within a particular school will be as follows:

- a. The Special Education Department in collaboration with the LCSE shall monitor resource practices to assist in bringing attention to:
 - i. appropriate and timely scheduling of students with disabilities;
 - ii. an equitable distribution across grade or subject area; and
 - iii. internal adjustment and correction at the building level.
- b. The Instructional Division will be available to provide assistance in resolving problems at the building level;
- c. If the problem is unable to be resolved internally, the issue will be identified and reduced to writing by the Association and referred to a District Appeals Committee composed of the Director of Special Education, the Chief Human Resources Officer and the President of the Association or their respective designees. The District Appeals Committee will review the specific issue and make recommendations for resolving the issue within five (5) days;
- d. In the event that the steps above do not resolve the problem, it may be submitted by the Association directly to the Superintendent to bring about a solution, either temporary or permanent, which will best serve the student(s) involved. It is the further intention of the parties that any problems which do arise be satisfactorily resolved before reaching the Superintendent's level and that every effort is made to do so in order that those which do come to the Superintendent be neither frequent nor frivolous.

The Superintendent will give them his/her prompt and full attention to bring about a solution which is reasonable and equitable and, insofar as it is possible to do so, address the concerns of the teacher(s) involved and the needs of the student(s);
- e. If the issue in question cannot be satisfactorily resolved by the foregoing procedure, the Association may then treat it as a formal grievance which

has reached Stage 3 of the Grievance Procedure and submit written notice of arbitration within the time limits set forth therein.

ARTICLE 14-EVALUATION

Both the District and the Association agree all employees shall be regularly evaluated in order that the District and the individual teacher shall have an accurate, constructive, and timely appraisal of the teacher's performance. In the absence of state regulation, the parties shall negotiate a process for teacher evaluation. Until such a process can be negotiated, the most current APPR evaluation process shall be followed.

A. Performance Evaluation

General classroom evaluations of the work performance of a teacher will be conducted openly, with full knowledge of the teacher. Situations may arise when it is necessary for an administrator to record performance information which does not allow for prior notification to the teacher. In such cases, the teacher will be notified when the material or information is recorded.

B. Performance Assistance

1. The District and the Association recognize that in some situations assistance may be required to achieve improved performance on the part of the teacher, whether suggested by the teacher or administrator, and encourage the rendering and acceptance of such assistance. Subsequent written evaluation shall reflect the impact, if any, of such assistance.

2. At times tenured staff may also find themselves in need of assistance, support, and feedback as outlined in the Model for Practitioner Evaluation or APPR (Annual Professional Performance Review). The PAR program will also be expanded to provide support for veteran teachers.

C. Written Evaluation

1. When an observation is completed, the evaluating administrator shall not submit the written evaluation report until three (3) days thereafter during which period the teacher shall have the opportunity to meet with the administrator in order to more fully review/discuss the circumstances which prevailed at the time of the observation.

2. Teachers will be given a copy of any written class visit or evaluation report prepared by their principal and/or supervisor. No performance appraisal report shall be submitted to central administration, placed in a teacher's file, or otherwise acted upon, without a copy to the teacher.

D. Extra-curricular Activities

Participation in extracurricular activities shall not be a valid consideration for evaluating teacher classroom performance but shall be considered in the evaluation of total job performance.

E. Personnel File

1. Each teacher will have the right, in accordance with procedures established by the Office of Human Resources and in the presence of the Chief Human Resources Officer or his/her designee, to review and copy the contents of the complete personnel file, with the exception of confidential recommendations. The teacher will be entitled to have a representative of the Association present during such review.

2. A teacher shall have the right to request removal of an evaluation or item of correspondence from his/her personnel file if the item refers to an isolated incident or situation that is no longer germane to the teacher's performance or employment. Such request may be made in writing to the Superintendent four (4) years from the date of entry and shall, subject to the Superintendent's approval, serve to remove the original entry and any rebuttals related thereto. The decision of the Superintendent shall be final and binding and not subject to the provisions of Article 26 (Grievance Procedure).

3. With the exception of confidential employment recommendations, a teacher shall receive a copy of all entries made in his/her personnel file. In any instance where an entry is made in a personnel file with which the teacher disagrees, or takes exception, the teacher shall have the right to file a written statement in his/her behalf, with copies to all parties concerned. Such statement shall become an attachment to said entry and a permanent part of the personnel record of the teacher.

F. Intent to Dismiss

When a notice of intent to dismiss is received by a tenured teacher from the Superintendent of Schools, the teacher may proceed pursuant to section 1 below. Should the teacher choose not to resign, section 2 will be implemented within five (5) working days.

1. A teacher may submit a letter of resignation effective one (1) year from the date of this letter of intent to dismiss. The teacher shall be placed on leave with pay for this year, plus receive a stipend for an approved program of retraining or mid-career counseling. The amount of the stipend will be based on the number of unused sick/PTO days times the dollar amount equal to that paid retirees for unused accumulated sick/PTO days. A joint Association-District committee shall be established to review and approve the program for retraining or mid-career counseling.

2. In cases where a teacher chooses not to resign, the following procedure for binding arbitration shall be implemented.

- a. If this section is implemented, a teacher will be suspended from duty. Such suspension shall be with pay for a period not to exceed one hundred twenty (120) calendar days. If the suspension continues beyond one hundred twenty (120) calendar days it may, in the sole discretion of the Board of Education, be without pay;
- b. The teacher may proceed personally or through the Association. In cases where a teacher chooses to proceed personally, the Association shall not be responsible for payment of any expenses related to the arbitration proceeding(s);

- c. Within ten (10) school days after such suspension of the teacher, the Superintendent or his/her designee and the Association will agree upon a mutually acceptable arbitrator selected from a list provided by the Syracuse Office of the American Arbitration Association, Public Employee Relations Board or any other agreed to by the Association and District, and will obtain a commitment from said arbitrator to serve. In the event that the Superintendent, or his/her designee, and the Association or individual, as the case may be, cannot agree on an arbitrator on the first list submitted by the Arbitration Association, Public Employee Relations Board or any other agreed to by the Association and District, a second list shall be requested. In the event the Superintendent or his/her designee and the Association cannot agree on an arbitrator selected from the second list, the Arbitration Association, Public Employee Relations Board or any other agreed to by the Association and District shall then be empowered to designate the arbitrator, and this decision shall be binding on all parties;
- d. The selected arbitrator shall hear the matter promptly and shall issue his/her decision in accordance with the then operating rules of the Arbitration Association, Public Employee Relations Board or any other agreed to by the Association and District. The arbitrator's decision shall be in writing and shall set forth his/her findings of fact, opinion, and the conclusions on the issue(s) submitted. The arbitrator shall limit his/her decision strictly to the application and interpretation of the provision of this Agreement; he/she shall be without power or authority to make any decision which may:
 - i. Be contrary to, or inconsistent with, or modifying or varying in any way, the terms of this Agreement or of applicable law or rules and regulations having the force and effect of law;
 - ii. Involve Board discretion or Board policy under the provisions of this Agreement, under Board bylaws or under applicable law, except that he/she may decide in a particular case based on a provision of this Agreement involving Board discretion or Board policy, whether the Board applied such discretion or policy in a manner which is arbitrarily or capriciously inconsistent with the general practice followed throughout the District in similar circumstances;
 - iii. Limiting or interfering in any way with the powers, duties and responsibilities of the Board under its bylaws, applicable law, and rules and regulations having the force and effect of law.
- e. The decision of the arbitrator, made in accordance with his/her jurisdiction and authority under this agreement, will be accepted as final by the parties to the dispute, and both will abide by it;
- f. All costs arising out of the administration of this provision shall be shared equally by the Association and the Board, except as noted in subsection F.2.b. above;
- g. The formal rules of evidence shall not apply in the administration of this provision. The decision as to the nature of the record kept at the arbitration stage shall be at the discretion of the arbitrator;

- h. The time limits specified herein shall commence at the normal hour for the opening of business on the business day next following the event or occurrence which caused the time period to begin.
- i. Only cases involving the intent to dismiss a teacher for failing to meet the evaluation criteria, as set forth in the *Model for Practitioner Evaluation*, shall be subject to the procedures and provisions contained herein. Disciplinary action taken by the District against a teacher for reasons other than the aforementioned shall be pursued according to existing statute or regulations, i.e., § 3020-a of the New York State Education Law.

ARTICLE 15-TEMPORARY LEAVES OF ABSENCE (2025-2026)

This version of Article 15 shall be applicable from July 1, 2025 through June 30, 2026. The Article 15 version applicable from July 1, 2026 through June 30, 2029 is immediately subsequent.

A. Request for Temporary Leave of Absence

Any request for an excused, planned absence not otherwise covered by this Agreement shall be made in writing by the employee by using the established online process at least one (1) week prior to the requested time of absence. The Superintendent shall determine whether or not such request for excused, planned absence shall be approved, and notify the employee in question of his/her determination as soon as is practicable. In the event permission is granted, the Superintendent also shall determine whether or not deduction from salary shall be made. The Superintendent may, in his/her discretion, waive the time limits specified herein. The District will make a good faith effort to provide the Association with notice of substantive changes to the procedure.

B. Sick Leave

1. Each member of the Unit shall be allowed sick leave without loss of salary for at least twelve (12) working days in any year on account of personal sickness or physical disability, including maternity. If the full amount of sick leave allowed is not used in any school year, the amount not used shall be accumulated from year to year. Members of the Unit employed with effective dates subsequent to September 1st shall be credited with sick leave in accordance with the following table during the first year of employment:

Effective Date of Appointment	Sick Leave Credit
September 1 - September 30	12 days
October 1 - October 31	10 days
November 1 - November 30	8 days
December 1 - December 31	7 days
January 1 - January 31	6 days
February 1 - February 28 or 29	5 days

March 1 - March 31	4 days
April 1 - April 30	3 days
May 1 - May 31	2 days
June 1 - June 30	1 day

During the first year (12 consecutive calendar months) of employment, an employee must present a certified physician's explanation accounting for use of sick leave beyond five (5) days. Failure to provide such explanation shall result in a loss of pay equivalent to the time absent beyond five (5) days. The five (5) days do not have to be consecutive.

At the beginning of each subsequent year of employment, twelve (12) sick days shall be credited to each Unit member's account. There shall be no limitation on the total number of sick leave days which may be accumulated.

2. The employees who are absent from duty because of illness may be required, at the discretion of the Superintendent, or a designee, to file a medical report with the school medical director. When such a report is requested, the Superintendent will make a determination whether sick leave payments shall be allowed.

3. The employee shall notify the building principal or his/her designee of the use of a sick day according to reasonable procedures established for call in. If the employee anticipates that he/she will not return on the next day, the employee will call the building principal/supervisor before the end of the workday whenever possible. The employee shall be responsible to notify the principal or his/her designee of any change in status which will affect the assignment of a substitute to the employee's position. In those cases where sick leave is over five (5) days, the employee shall forward medical documentation and anticipated return date to the Health Services Office. The employee shall also call the building principal/supervisor to inform her or him of the anticipated date of return whenever possible.

4. In the event an employee in his/her first year of service in the District is dismissed, remaining sick leave available to that employee shall be prorated in such a manner that the total number of sick leave days used by that employee up to and including the effective date of termination shall not exceed:

Sick Leave Days:	Months of Service:
One (1) day for	One (1) month of service
Two (2) days for	Two (2) months of service
Three (3) days for	Three (3) months of service
Four (4) days for	Four (4) months of service
Five (5) days for	Five (5) months of service
Six (6) days for	Six (6) months of service
Seven (7) days for	Seven (7) months of service
Eight (8) days for	Eight (8) months of service
Ten (10) days for	Nine (9) months of service
Twelve (12) days for	Ten (10) months of service

The District shall have the right to deduct any compensation for sick leave in excess of the above. Such deduction may be made from the employee's final paycheck.

C. Sickness or Death in Immediate Family

1. Time off for serious illness in the immediate family shall be charged against personal leave as identified in Section F of this Article. Immediate family, for purposes of Sections C1 and C2, consists of:

Spouse	Grandparent
Parent	Grandchild
Sibling	Guardian in loco parentis
Child	

In-law in the above categories, where applicable

Step-family in the above categories, where applicable

In-law in the above categories, where applicable step-family in the above categories, where applicable

2. Each employee shall be granted up to six (6) days of leave with full pay for each death in the immediate family or the nearest relative. Such leave shall not be curtailed because of use of family illness days and shall be on a non-cumulative basis.

3. Each employee shall be allowed one (1) additional full-time teaching day to attend the funeral of any of the following members of the family:

Aunt	Cousin
Niece	Nephew
Uncle	

In-law in the above categories, where applicable

4. The Superintendent is authorized to grant additional paid emergency or funeral leave under unusual circumstances which, in his/her judgment, justify such an exception.

D. Workers' Compensation

1. Employees who become ill or injured due to circumstances arising out of and in the course of employment shall file a report of such illness or injury with the District and with the Workers' Compensation Board. Such report shall be filed within the time, and in the manner, required by the New York State Workers' Compensation Law. In those instances where an illness or injury is determined by the District or other forum of competent jurisdiction to be compensable as arising out of and in the course of employment, the District will compensate said employee during the period of such illness or injury up to the amount of his/her full salary.

a. The District shall charge to the employee's accumulated sick leave any time taken because of such illness or injury for which the employee receives

his or her regular salary. Such charge to, and deduction from, accumulated sick leave shall be proportionate to, and based upon, the percentage relationship between the employee's per diem rate and the daily compensation amount. No such pro rata deduction from accumulated sick leave shall be made in the event the compensable absence is the result of bodily or personal injury resulting from an assault upon the employee or because of gross negligence on the part of the District, except when there is contributory negligence on the part of the employee;

- b. In the event the number of compensation days exhausts the employee's accumulated sick days in any school year, the employee shall continue to receive full salary. Sick days which may be credited to the employee at the beginning of the next school year shall not be charged against any compensation days taken during the prior year;
- c. The District will also pay, in any compensable line of duty injury, all costs of medical expenses incurred as a result of said injury not covered by insurance provided by the terms of this Agreement. In case of an award, or third-party settlement, loss of wages and/or medical or other expenses paid to the employee by the District and included in such settlement or award shall be reimbursed to the District. Any lump sum settlement or award, or damages other than such loss of wages and/or medical or other expenses, shall not be transferred to the District.

2. For purposes of this Article, a person commits assault when

- a. She knowingly attacks another person, and causes physical injury to such person or to a third person(s); or
- b. She recklessly causes physical injury to another person by means of a deadly weapon or dangerous instrument; or
- c. For a purpose other than lawful medical or therapeutic treatment, she knowingly causes stupor, unconsciousness or other physical impairment or injury to another person by administering to another person, without the other person's consent, a drug, substance or preparation capable of producing the same; or
- d. She recklessly causes physical injury to another person who has been directed, by a supervisor, to intercede in an altercation involving the assailant.

3. Employees who are absent from duty with pay, pursuant to this paragraph, may be required, at the discretion of the Superintendent, to file a medical report with the School Medical Director. When such a report is requested, the Superintendent will make a determination on the basis of said report and the recommendation of the School Medical Director whether pay shall be continued. In no instance shall payments to an employee for service-connected disability exceed those provided under Compensation Law, unless the Superintendent, in his/her sole and exclusive discretion, shall authorize such payments, notwithstanding any determination by any compensation board which is at variance with the determination of the Superintendent.

4. Absences due to communicable diseases which have been ruled by the New York State Workers' Compensation Board to be compensable shall not be charged against the employee's accumulated sick leave days, provided that a Workers' Compensation claim has been filed, proposed, and accepted by the District. In compensation cases resulting from such illness, the

weekly allowance paid the employee under Workers' Compensation will be transferred to the District.

E. Catastrophic Health Insurance Protections

1. There shall be a Catastrophic Health Insurance Protections Committee, consisting of one (1) member designated by the Association, one (1) administrator appointed by the Superintendent, and the School Medical Director, who shall be an advisory member. The Committee shall review and act upon applications for additional sick leave days submitted by members of the Unit. All Unit members shall be eligible to receive funding from the sick leave bank.

Any member wishing to apply for additional days would begin the process by sending a request for supplemental sick leave to the Superintendent or Designee. The Superintendent or Designee shall immediately thereafter forward an agreed upon form to the member that asks for specific medical information and provides complete and comprehensive instructions on completing the form and continuing the request process. Upon receipt of the necessary forms, the Superintendent or Designee will immediately thereafter schedule a meeting of the Sick Leave Committee to review and evaluate the member's request. In the event that any member of the Sick Leave Committee shall not be immediately available, a designee shall take his or her place. No request shall be unreasonably delayed due to a Committee member's non-availability.

2. For purposes of this Article, the term "serious illness or injury" shall be defined as one, which is generally regarded as such by those in the medical profession. Any dispute as to whether or not an illness or injury is "serious", as used herein, shall be resolved by the School Medical Director. The purpose of this paragraph is to provide sufficient sick leave to cover the member's health insurance cost, during extraordinary situations where a seriously ill or injured member has no other significant means of income and cannot return to work for a prolonged period of time (after accumulated sick leave credit has been exhausted). It is not intended to cover absences of a day, or several days, in excess of accumulated sick leave, or situations where there is no serious or prolonged illness or injury, or where no bona fide economic hardship exists. The Committee is authorized, however, to grant additional sick leave upon a pro-rata basis where, in its discretion, it deems it appropriate to do so and such pro-rata does not exceed the general limitations set forth herein.

3. Other provisions:

- a. In the event that there is a request to the sick bank and insufficient funding to fund the request, the Superintendent will have the discretion to review and grant any request.
- b. Members covered by a disability insurance policy shall not be prohibited from applying to the sick bank for days while in a waiting period for benefits to start.
- c. Members who are on workers' compensation will not be prohibited from applying for sick bank days and no member shall be discriminated against based on his or her workers' compensation status. Requests may be granted on a pro rata basis as necessary. However, in no instance shall a member be entitled to benefits greater than his or her salary.

4. The decision of the Committee shall be final, binding, and not subject to the Grievance Procedure set forth in Article 26 (Grievance Procedure) of this Agreement.

5. Sick days donated since July 1, 2015, by unit members, active upon ratification of this contract, shall have those sick days credited to their sick leave balance, less any days they received from the sick leave bank since 2015.

6. Beginning September 2021, and in September of each subsequent year, the District will contribute up to \$50,000 to the STA CHIP fund balance unless and until the balance reaches \$100,000. The District's contribution will be adjusted downward in any year in which the full contribution will cause it to exceed \$100,000.

F. Personal Leave

1. All full-time employees shall be entitled to five (5) days of personal leave per school year, prorated for part-time employees. Any unused personal days shall be credited to the employee's sick leave account at the end of the school year.

2. Teachers shall be required to notify their building principal, or his/her designee, of their intention of using a personal leave day at least five (5) school days prior to the date of the employee, it is understood and agreed that the purpose of this Article is to permit a employee to attend to personal matters which cannot be accomplished during other than normal working hours.

3. Use of consecutive personal leave days, except for reasons of family illness, shall be granted only after an employee has filed a request, in writing, with the Office of Human Resources stating reasons for such absence. Requests which do not meet the intent of the use of personal leave (see 2 above) or are not filed sufficiently in advance will be denied.

4. Personal leave days may not be taken on days immediately preceding and/or subsequent to scheduled vacations except in cases of family illness or unless authorized by the Superintendent pursuant to a valid written request submitted by the employee.

5. In the event that schools are closed due to severe weather, or other emergency conditions, on a day when an employee has been granted personal leave, said day shall not be deducted from the teacher's allotment if the teacher certifies in writing to the Office of Human Resources that the personal business for which the day was taken could not be conducted on that day because of the severe weather or emergency conditions which caused the school(s) to be closed.

G. Jury Duty

Each employee shall be granted leave with full pay as may be necessary in order to perform jury duty. Such absence shall not be deducted from any other leave allowance. When an employee receives a notice of call to jury duty, the individual shall notify the building principal, or designee, to that effect, on the first school day following receipt of such notice by providing to the principal a copy thereof.

H. Absence for Other Judicial or Administrative Proceedings

When an employee is required to appear in court, or for any other judicial or administrative proceeding, leave with full pay as necessary to comply with the order shall be granted, provided the appearance is in some way connected with the professional duties and responsibilities of the employee. Appearances which are not in the line of duty in the District will be judged on their individual merits by the Superintendent.

I. Severe Weather and Other Emergency Conditions

1. Each employee shall receive full pay for absence due to abnormally severe weather or other emergency conditions when so certified by the principal or supervisor and approved by the Superintendent.

2. The official closing of schools by the Superintendent shall not result in loss of pay by any employee unless such closure is the result of unauthorized absence from duty by members of the Unit or unless an employee has been excused from duty, without pay, for the period of such closing.

3. Any employee who is on sick leave with pay on days when schools are closed due to weather conditions or other emergencies will receive full pay for such days and will not have said days deducted from his/her accumulated sick leave allowance.

4. In the event that schools are officially closed by the Superintendent for a period of time sufficient to require an alteration in the official School Calendar for the remainder of the year to make up the time lost, no additional compensation shall be paid to any employee for the days thereby added to the School Calendar.

J. Temporary Military Service

Employees shall be paid full salary and other benefits for any and all periods of absence while engaged in the performance of ordered temporary military duty, and while going to and returning from such duty, as required by New York State Military Law. If possible, written notice will be given the building principal or supervisor at least two (2) weeks in advance and simultaneously transmitted to the Superintendent. Every effort shall be made by the employee affected by this paragraph to serve temporary active duty obligations during periods of time when school is not in session and at the request of the Superintendent, or his/her designee, such employee shall be required to provide evidence of such effort, in the form of a written request to the appropriate military authority, to serve at a time when school is not in session. The Board agrees to intervene with the appropriate military authorities in an effort to assist the employee who is attempting to comply with this obligation. It is the intention of the parties that teachers shall not serve temporary voluntary military duty during the periods that school is in session.

K. Professional Conferences

1. Officially authorized Association delegates and/or alternates, as required, shall be granted time necessary with pay, to attend NYSUT, NYSUT Election District, Retirement, and AFT and NEA conventions, upon timely request to the Superintendent. All expenses shall be borne

by the individual or the Association. Representatives of the Association, in addition to delegates and alternates, may also be excused by the Superintendent, or his/her designee, to perform official Association functions.

2. Excused absences with pay may be granted to any employee to attend professional meetings, conferences and workshops, when approved by the Superintendent or his/her designee.

L. Adoption/Parental

An employee shall be granted up to thirty (30) days of paid leave upon the legal adoption of a child or parental care due to the birth of their child. The number of paid days available for this purpose will be the number of unused personal leave days accumulated (and previously credited to sick leave) during the past ten (10) years. In those instances where an employee requests thirty (30) days and there are an insufficient number of such days accumulated, the remaining days shall be without pay. See also Article 16, Section N3 (Extended Leaves of Absence).

M. Leaves Without Pay

There shall be a District committee, consisting of one (1) member to be appointed by the Association, one (1) administrator to be appointed by the District, and one (1) individual to be selected by the other two, to review requests from teachers for short term unpaid leaves of absence, of up to five (5) school days, which are in compliance with the applicable Administrative Bulletin. Said leaves shall be granted only to accommodate unusual or extraordinary circumstances and limited to the extent there shall be no more than a total of forty (40) days available for leaves of this kind during any school year with the exception of Adoption Leave (Article 15L). There shall be no more than a total of fifty (50) available days for leaves of this kind during the remaining term of this Agreement. Written request for such leaves must be submitted to the Committee at least thirty days prior to the date of leave unless circumstances make it impossible to do so.

ARTICLE 15-PAID TIME OFF(PTO)

This version of Article 15 shall be applicable from July 1, 2026 through June 30, 2029. The Article 15 version applicable from July 1, 2025 through June 30, 2026 is immediately proceeding.

A. PTO Granting

Effective July 1, 2026, each member of the Unit shall be allotted seventeen (17) PTO days on July 1st of each school year. Of the 17 days allotted, five (5) will be directly placed into the employee's Reserve PTO Bank. If the full amount of the annual PTO allotment is not used in any school year, the amount not used shall be placed into the employee's Reserve PTO Bank. The annual allotment for part-time employees will be prorated based on the employee's standard work hours.

Members of the Unit employed with effective dates after the beginning of the school year shall be credited with PTO in accordance with the following table during the first year of employment:

Effective Date of Appointment	PTO Credit	PTO Bank

B. Request for Paid Time Off

1. Planned Absences

Teachers shall be required to notify their building principal, or their designee, of their intent to use planned PTO days at least 5 school days prior to the date of absence. Any request of planned PTO days in excess of three (3) consecutive days must be submitted through the online procedure to the Office of Human Resources and approved in advance of the use of such days.

2. Unplanned Absences

The employee shall notify the building principal or his/her designee of the use of an unplanned PTO day according to reasonable procedures established for call in. If the employee anticipates that they will not return on the next day, the employee will notify the building principal/supervisor before the end of the workday whenever possible. The employee shall be responsible to notify the principal or their designee of any change in status which will affect the assignment of a substitute to the employee's position. The employee shall also notify the building principal/supervisor to inform them of the anticipated date of return whenever possible.

If an employee uses unplanned PTO days more than three (3) consecutive days, documentation must be submitted through the online procedure to the Office of Human Resources. That documentation will be reviewed to determine if the requested days will be approved.

The Superintendent or designee reserves the right to request documentation be submitted to support the use of unplanned absences to determine if PTO days can be used.

3. Use of PTO days prior to holidays or recesses

Planned PTO days may not be taken on days immediately preceding and/or after scheduled holidays or recesses unless authorized by the Office of Human Resources pursuant to a prior approved request submitted by the employee.

4. Use of PTO during inclement weather or emergency events

If schools are closed due to severe weather, or other emergency conditions, on a day when an employee has been granted PTO, said day (s) shall not be deducted from the employee's PTO accruals.

C. Reserve PTO Bank

1. The Reserve PTO Bank is an accrual that is specific to each employee and consists of previously unused PTO, including converted Sick Leave/Personal Leave time. This time provides employees with the ability to ensure against the risk of not receiving pay when they are out of work for longer than the yearly granted PTO. PTO Reserve Bank accruals may be used for an absence related to an FMLA qualifying event, illness, or emergency (as determined by the Superintendent or designee).

2. After employees have utilized 12 days within a school year, employees will be required to provide documentation for any additional absence. The absence and documentation will be reviewed by the Office of Human Resources to determine whether the absence meets the criteria for usage of the PTO bank as written above.

D. Separation from the District

Upon termination of employment, other than for reason of retirement, any remaining PTO days will be forfeited. If an employee has overused their PTO allotment, the District shall have the right to deduct any compensation for PTO in excess of the above from the employee's final paycheck.

E. Death in Immediate Family

1. Each employee shall be granted up to six (6) days of leave with full pay for each death in the immediate family or the nearest relative. Such leave shall not be curtailed because of use of paid time off days and shall be on a non-cumulative basis.

F. Workers' Compensation

1. Employees who become ill or injured due to circumstances arising out of and in the course of employment shall file a report of such illness or injury with the District and with the Workers' Compensation Board. Such report shall be filed within the time, and in the manner, required by the New York State Workers' Compensation Law. In those instances where an illness or injury is determined by the District or other forum of competent jurisdiction to be compensable as arising out of and in the course of employment, the District will compensate said employee during the period of such illness or injury up to the amount of his/her full salary.

- a. The District shall charge to the employee's accumulated PTO leave any time taken because of such illness or injury for which the employee receives his or her regular salary. Such charge to, and deduction from, accumulated PTO leave shall be proportionate to, and based upon, the percentage relationship between the employee's per diem rate and the daily compensation amount. No such pro rata deduction from accumulated PTO leave shall be made in the event the compensable absence is the result of bodily or personal injury resulting from an assault upon the employee or because of gross negligence on the part of the District, except when there is contributory negligence on the part of the employee;
- b. In the event the number of compensation days exhausts the employee's accumulated PTO days in any school year, the employee shall continue to receive full salary. PTO days which may be credited to the employee at the beginning of the next school year shall not be charged against any compensation days taken during the prior year;
- c. The District will also pay, in any compensable line of duty injury, all costs of medical expenses incurred as a result of said injury not covered by insurance provided by the terms of this Agreement. In case of an award,

 - d. She recklessly causes physical injury to another person who has been directed, by a supervisor, to intercede in an altercation involving the assailant.

3. Employees who are absent from duty with pay, pursuant to this paragraph, may be required, at the discretion of the Superintendent, to file a medical report with the School Medical Director. When such a report is requested, the Superintendent will make a determination on the basis of said report and the recommendation of the School Medical Director whether pay shall be continued. In no instance shall payments to an employee for service-connected disability exceed those provided under Compensation Law, unless the Superintendent, in his/her sole and exclusive discretion, shall authorize such payments, notwithstanding any determination by any compensation board which is at variance with the determination of the Superintendent.

4. Absences due to communicable diseases which have been ruled by the New York State Workers' Compensation Board to be compensable shall not be charged against the employee's accumulated sick leave days, provided that a Workers' Compensation claim has been filed, proposed, and accepted by the District. In compensation cases resulting from such illness, the weekly allowance paid the employee under Workers' Compensation will be transferred to the District.

G. Catastrophic Health Insurance Protections (CHIPS)

1. There shall be a Catastrophic Health Insurance Protections Committee, consisting of one (1) member designated by the Association, one (1) administrator appointed by the Superintendent, and the School Medical Director, who shall be an advisory member. The Committee shall review and act upon applications for additional PTO days submitted by members of the Unit. All Unit members shall be eligible to receive funding from the CHIPS bank.

Any member wishing to apply for additional days would begin the process by sending a request for supplemental PTO to the Superintendent or Designee. The Superintendent or Designee shall immediately thereafter forward an agreed upon form to the member that asks for specific medical information and provides complete and comprehensive instructions on completing the form and continuing the request process. Upon receipt of the necessary forms, the Superintendent or Designee will immediately thereafter schedule a meeting of the CHIPS Committee to review and evaluate the member's request. In the event that any member of the CHIPS Committee shall not

be immediately available, a designee shall take his or her place. No request shall be unreasonably delayed due to a Committee member's non-availability.

2. For purposes of this Article, the term "serious illness or injury" shall be defined as one, which is generally regarded as such by those in the medical profession. Any dispute as to whether or not an illness or injury is "serious", as used herein, shall be resolved by the School Medical Director. The purpose of this paragraph is to provide sufficient PTO to cover the member's health insurance cost, during extraordinary situations where a seriously ill or injured member has no other significant means of income and cannot return to work for a prolonged period of time (after accumulated PTO has been exhausted). It is not intended to cover absences of a day, or several days, in excess of accumulated PTO, or situations where there is no serious or prolonged illness or injury, or where no bona fide economic hardship exists. The Committee is authorized, however, to grant additional PTO upon a pro-rata basis where, in its discretion, it deems it appropriate to do so and such pro-rata does not exceed the general limitations set forth herein.

3. Other provisions:

- a. In the event that there is a request to the CHIPS Committee and insufficient funding to fund the request, the Superintendent will have the discretion to review and grant any request.
- b. Members covered by a disability insurance policy shall not be prohibited from applying to the CHIPS Committee for days while in a waiting period for benefits to start.
- c. Members who are on workers' compensation will not be prohibited from applying for PTO days and no member shall be discriminated against based on his or her workers' compensation status. Requests may be granted on a pro rata basis as necessary. However, in no instance shall a member be entitled to benefits greater than his or her salary.

4. The decision of the Committee shall be final, binding, and not subject to the Grievance Procedure set forth in Article 26 (Grievance Procedure) of this Agreement.

5. Beginning September 2021, and in September of each subsequent year, the District will contribute up to \$50,000 to the STA CHIP fund balance unless and until the balance reaches \$100,000. The District's contribution will be adjusted downward in any year in which the full contribution will cause it to exceed \$100,000.

H. Jury Duty

Each employee shall be granted leave with full pay as may be necessary in order to perform jury duty. Such absence shall not be deducted from any other leave allowance. When an employee receives a notice of call to jury duty, the individual shall notify the building principal, or designee, to that effect, on the first school day following receipt of such notice by providing to the principal a copy thereof.

I. Absence for Other Judicial or Administrative Proceedings

When an employee is required to appear in court, or for any other judicial or administrative proceeding, leave with full pay as necessary to comply with the order shall be granted, provided the appearance is in some way connected with the professional duties and responsibilities of the employee. Appearances which are not in the line of duty in the District will be judged on their individual merits by the Superintendent.

J. Severe Weather and Other Emergency Conditions

1. Each employee shall receive full pay for absence due to abnormally severe weather or other emergency conditions when so certified by the principal or supervisor and approved by the Superintendent.

2. The official closing of schools by the Superintendent shall not result in loss of pay by any employee unless such closure is the result of unauthorized absence from duty by members of the Unit or unless an employee has been excused from duty, without pay, for the period of such closing.

3. Any employee who utilizes PTO on days when schools are closed due to weather conditions or other emergencies will receive full pay for such days and will not have said days deducted from his/her accumulated PTO allowance.

4. In the event that schools are officially closed by the Superintendent for a period of time sufficient to require an alteration in the official School Calendar for the remainder of the year to make up the time lost, no additional compensation shall be paid to any employee for the days thereby added to the School Calendar.

K. Professional Conferences

1. Officially authorized Association delegates and/or alternates, as required, shall be granted time necessary with pay, to attend NYSUT, NYSUT Election District, Retirement, and AFT and NEA conventions, upon timely request to the Superintendent. Representatives of the Association, in addition to delegates and alternates, may also be excused by the Superintendent, or his/her designee, to perform official Association functions.

2. Excused absences with pay may be granted to any employee to attend professional meetings, conferences and workshops, when approved by the Superintendent or his/her designee.

A. Procedures

1. Employees who have acquired tenure in the District may be granted unpaid leaves of absence, which shall be without loss of tenure, upon the recommendation of the Superintendent and the approval of the Board. All requests for leaves of absence shall carry affirmation of intention of the applicant to return to an assignment in the District upon the termination of such leave. In order to receive an approved leave, teachers will sign a form in which they agree to return at the end of their leave, and if they do not return, it will be considered a resignation from their position.

A teacher who is granted a leave of absence under the provisions of this Article shall not be eligible for any of the payments set forth in Article 15 Temporary Leaves of Absence (2025-2026) or Article 15 Paid Time Off (PTO) of this Agreement while on such leave.

D. Substitute Availability

Planned leaves of absence are contingent upon the availability of qualified regular substitute teachers. Regular substitute teachers shall be appointed and their names carried in the minutes of the Board as "regular substitutes" along with the names of the teacher for whom they are substituting. Regular substitute teachers so appointed are not eligible for tenure except as provided in § 2573(1) of the Education Law.

ARTICLE 17-FREEDOM FROM NON-INSTRUCTIONAL RESPONSIBILITIES

A. Expectations

The Board and the Association acknowledge the basic responsibility of a teacher is effective teaching and, insofar as it is practical to do so, the organization of the school day should reflect this objective. Although employees may be expected to perform duties and responsibilities which are not related to teaching, per se, but are necessary for the orderly and efficient operation of individual schools, the District recognizes such duties should be distributed as equitably as the circumstances of individual schools permit. Out-of-door duties which are not related to actual teaching shall not be assigned in a manner which is inconsistent with the current practice unless unusual or special circumstances exist. In the event the Association believes the spirit and intent of this provision is being abused in any particular school, it shall have the recourse to administrative review by the Director in charge of the division in question and the right of appeal to the Superintendent.

The Board further agrees to take such action as is necessary to make the provisions of this Agreement official policy of the District.

C. Individual Agreements

Any individual arrangement, agreement, or contract, hereafter executed between the Board and any member of the Unit shall be expressly made subject to, and consistent with, the terms of this Agreement. In the event any provision of this Agreement shall be determined by a court of competent jurisdiction to be null, void, or unenforceable, such decision shall not affect any of the other provisions of this Agreement which shall continue in full force and effect.

In the event that, during the term of this Agreement, the implementation of any negotiated economic or fringe benefit is prohibited by the imposition of State or Federal controls, either party shall have the right to reopen negotiations for the sole purpose of resolving how the funds allocated for such economic or fringe benefit are to be utilized in a manner which shall be consistent with the intention of the parties and existing law.

Should such a merger, consolidation or subdivision occur, the District recognizes the desirability of maintaining its current work force and its intention shall be to retain current staff subject, however, to the requirements of the transaction and the best interests of the District.

H. Energy Crisis

Should any future energy crisis result in the District taking action which affects the terms and conditions of employment of members of the bargaining unit, the District agrees that, insofar as it is possible to do so, it shall first notify the Association of the action to be taken and meet with them to negotiate the effect such action will have upon members of the bargaining unit.

Current Employees – Adult Educators

Retired employees who return to teach in Adult Education Programs will be credited only with the seniority spent in that program.

Full time/Part time Adult Educators

The full time equivalent for adult education positions is based on a 35-hour work-week. Part-time salaries will be prorated by the number of hours worked/week divided by 35 hours. (Example: a person working 10 hours/week equals $10/35$ FTE = .29 FTE).

Adult educators will be offered district benefits if they are scheduled work at least 25 hours per week.

When adult education members work beyond their regularly scheduled day, they will be compensated at the extension of service rate. However, if they consistently work above hours assigned, the District will review and adjust salary.

When adult education members are required to work during the summer (either 11 month or 11.5 months), they will be compensated by salary prorated for the extra month or month and one-half. If adult education members are not required to work, and voluntarily work in a reduced hour program such as the summer GED program, they will be paid the summer rate.

APPENDIX 2-EXTRACURRICULAR ACTIVITIES

Stipends in the Appendix 2 grid will increase 4% on July 1, 2025 and July 1, 2027

The extracurricular activities listed below are for students in grades 6-12, and shall be held at the end of the normal school day, and shall be performed above and beyond the normally assigned teaching load, in order to qualify for the extra pay listed below. Appointments to extracurricular positions are subject to annual review and must be approved by the Office of Human Resources and confirmed by the Board prior to assignment to such duty. The salaries specified for each position are stated as the full dollar amounts payable for the function being performed. In instances wherein more than one individual is assigned to an extracurricular position, that amount in the schedule shall be divided accordingly.
